PART ONE

TECHNICAL RULES

All competitive swimming events held under Corporate sanction shall be conducted in accordance with the following rules which are designed to protect the swimmer, provide fair and equitable conditions of competition, and promote uniformity in the sport so that no swimmer shall obtain unfair advantage over another.

It is recommended that the LSC and regional short course and long course championships be held annually and that they be conducted under the rules governing national championships (Article 4), subject to available facilities and personnel. Events other than such championships may use Article 4 as a guide, subject to local conditions and preference, but when National Championship rules are to be used in such events, and they differ in any way from the rules in Article 3, such differences must be clearly stated on the entry blank.

All provisions under Part One, the Technical Rules, unless otherwise specified on Page 4, "Major Rules Changes", are effective beginning May 15, 1983, and until changed. Rules in effect on the first day of a meet shall govern throughout that meet.

ARTICLE 1

CLASSES OF COMPETITION

(1) Senior—All registered swimmers except Masters are eligible for the Senior Class.

(2) Junior—All registered swimmers 18 years of age and younger are eligible for the Junior Class subject to the restrictions elsewhere in these rules.

(3) Age Group — Age Group swimming is for swimmers 18 years of age and under and shall be conducted under the provisions of Article 6.

(4) Masters — Masters swimming is for swimmers 25 years of age and older.

ARTICLE 2
RULES FOR SWIMMING THE STROKES

102.1 BREASTSTROKE

(1) Start—The forward start shall be used.

(2) Stroke—The body shall be kept on the breast. From the beginning of the first arm stroke after the start and after each turn, the body shall be kept perfectly on the breast and both shoulders shall be in line with the water surface. All movements of the arms shall be simultaneous and in the same horizontal plane without alternating movement. The hands shall be pushed forward together from the breast on or under the surface of the water, and shall be brought back on or under the surface of the water. A part of the head shall always be above the general water level (the surface in a calm state), except that after the start and after each turn, the swimmer may take one arm stroke and one leg kick while wholly submerged. When the hands begin their sideward or downward press, a new stroke shall have been started. Drifting apart of the hands does not constitute an infraction. A wave passing over the head does not constitute a violation.

(3) Kick—All vertical and lateral movements of the legs shall be simultaneous. The feet must be turned outwards in the backward movement. A flutter kick or downward butterfly kick is not permitted. Breaking the surface with the feet shall not merit disqualification unless followed by a downward butterfly kick.

(4) Turns

**Note:** Either complete or incomplete movements of the arms or legs from the starting position shall be considered as one complete stroke or kick.

102.2 BUTTERFLY

(1) **Start**—The forward start shall be used.

(2) **Stroke**—After the start and turns, a swimmer is permitted one or more leg kicks, but only one arm pull under water, which must bring him to the surface. Both arms must be brought forward together over the water and brought backward simultaneously. The body must be kept perfectly on the breast, and both shoulders in the horizontal plane, from the beginning of the first arm stroke after the start and after each turn.

(3) **Kick**—All up and down movements of the legs and feet must be simultaneous. The position of the legs and feet shall not alternate in relation to each other. The use of the scissor or breaststroke kicking movement is not permitted.

102.3. **BACKSTROKE**

(1) **Start**—The swimmers shall line up in the water, facing the starting end, with both hands resting either on the end or rail of the pool or on any part of the starting platform or block, or on the starting grips.

(a) **Short Course**—The feet may be placed in any position on the end of the pool, and the swimmer may assume any desired starting position which does not remove his foot or feet completely from the water, nor his foot or feet from contact with the end of the pool, nor his hand or hands from the starting grips, pool edge, or starting block. Subject to the approval of the host facility, a backstroke starting block against which to place the feet may be used, if available to all contestants.

(b) **Long Course**—It shall be the starter's duty to see that the swimmer's feet, including the toes, shall be under the surface of the water, and that no swimmer is standing in or on the gutter, or curling his toes over the lip of the gutter. A backstroke starting block may not be used.

(3) **Turns**—In freestyle competition the hand touch is not required at the turn; it is sufficient if any part of the swimmer touches the solid wall or pad at the end of the pool or course.

(4) **Finish**—The swimmer shall have finished the race when any part of his person touches the solid wall or pad at the end of the pool.

102.5. **INDIVIDUAL MEDLEY**—The swimmer shall swim the prescribed distance in the following order: the first one-fourth, butterfly;

   (d) In relay races a swimmer other than the first swimmer shall not start until his teammate has concluded his leg.
   (e) Any relay team member and his relay team shall be disqualified from a race if a team member other than the swimmer designated to swim that leg shall jump into or enter the pool in the area where the race is being conducted before all swimmers of all teams have finished the race.
   (f) Each relay team member shall leave the water immediately upon finishing his leg, except the last member.

If recorded in accordance with 108.2(4)(a) or 103.15(4) this time may also be considered for LSC and local records, and if recorded in accordance with 108.2(3), (4) and (5) it may be considered for any other record purpose.

103.3. ENTRIES

(1) In any combination of aquatic events conducted on a single day at the same site and where preliminaries and finals are held, no swimmer shall be permitted to compete in more than 3 events (1 event equals 1 preliminary plus 1 final) per day, exclusive of relays.

(2) The above restrictions are effective regardless of the classification mixture and/or that separate meets are being conducted and such limitations shall be clearly stated on the entry blanks.

(3) When timed finals are held, without preliminary heats, no swimmer shall be permitted to compete in more than 5 events per day exclusive of relays.

(4) In meets where a combination of preliminary and final events and timed finals are held, a swimmer may participate in only 3 individual events per day, unless entered exclusively in timed final events on that day.

(5) If qualifying time standards are used they may be made in

(3) Scratching from Consolation Finals and Finals
   (a) Any swimmer qualifying for a consolation final or final race in an individual event who fails to compete in said consolation final or final race shall be barred from further competition for the remainder of the meet, except as noted in (4), below.
   (b) In the event of withdrawal or barring of a swimmer from competition, the Referee shall fill the consolation final or final when possible with the next qualified swimmer(s).
(c) Where consolation finals have not yet been swum and a barring or withdrawal is known to the Referee, the Referee shall reseed the consolation final and the final, if necessary, to insert the alternate(s) in the appropriate lane(s), filling all lanes in the final.

(d) If a consolation final has already been contested, the companion final shall be swum without reseeding for the empty lane(s).

(4) Exceptions for Failure to Compete—No penalty shall apply for failure to withdraw or compete in an individual event if:
(a) The Referee is notified in the event of illness or injury and accepts the proof thereof.
(b) A swimmer qualifying for a consolation final or final race following preliminary通知s the Referee within thirty (30) minutes after announcement of the qualifiers for that final race that he does not intend to compete.

103.5 RELAY SCRATCH RULE
(1) Pre-Seeded Meets—Any relay team entered in a pre-seeded relay event that fails to compete in or report for that event shall not be penalized.

(2) Relays Seeded at the Meet
(a) Any relay team entered in a relay event that is seeded at the meet in whole or in part, that has been checked in and the swimmers’ names declared for that event, must swim the event unless the clerk of course is notified before the seeding for that event is begun that the relay team wishes to scratch. Failure to do so will result in each individual member of that relay team being barred from the next relay event in which those members may otherwise be eligible to compete, either that day or the next meet day, whichever is first.

(b) A relay team member failing to appear ready to swim for said relay event shall be barred from the next individual event in which he is entered, either that day or the next meet day. The relay team members who do appear ready to swim shall not be penalized for failure of other relay team members to appear.

(c) Exceptions—Relay teams or team members who give acceptable notification to the Referee of illness, injury, or that failure to compete is caused by circumstances beyond the control of the swimmer(s) shall not be penalized.

103.6 RELAYS
(1) Relays may be conducted on a timed final basis or with preliminaries and finals.

(2) Timed final relays shall be swum in seeded heats, with not more than two heats (which shall be the fastest heats) conducted during
the final session of meets holding preliminaries and finals, and the balance of relay heats will be conducted during the preliminaries.

(8) The competing teams, first and last names of members and their ages, must be listed in the meet results.

103.7 Lane Assignments—Seeding—Counters

(1) Preliminary Heats When Finals are Scheduled—In order to assure seeded positions, the best competitive times of all entries must be submitted. These times shall be assembled (listed) by the meet committee with the fastest man first and the slowest man last. Swimmers whose submitted times are identical should be assigned places in the list by draw. Swimmers with no submitted times shall be considered the slowest and shall be placed at the end of the list by draw. Swimmers shall be placed in lanes under procedure outlined for finals seeding in 103.7(3). Swimmers shall be placed in heats according to submitted times in the following manner:

(a) Fewer than three heats
   (i) If one heat, it may be seeded as a final heat and swum only during the final session, at the Referee’s discretion.
   (ii) If two heats, the fastest swimmer shall be seeded in the second heat, next fastest in the first heat, next fastest in the second heat, next in the first heat, next in the second heat, next in the first heat, etc.

(b) Three heats—The fastest swimmer shall be placed in the third heat, next fastest in the second, next in the first. The fourth fastest swimmer shall be placed in the third heat, the fifth in the second heat, and the sixth fastest in the first heat, the seventh fastest in the third heat, etc.

(c) Four heats or more—The last three heats of an event shall be seeded in accordance with (b) above. The heat preceding the last three heats shall consist of the next fastest swimmers; the heat preceding the last four heats shall consist of the next fastest swimmers, etc. Lanes shall be assigned in descending order of submitted times within each heat, in accordance with the pattern outlined in 103.7(3).
(d) **Exception**—When there are two or more heats in an event, there shall be a minimum of three swimmers seeded into any one preliminary heat, but subsequent scratches may reduce the number of swimmers in such heat to less than three.

(2) **Swim-Offs**—In preliminary heats, in no case may a swimmer with a faster time displace another who placed ahead of him within a heat according to the ballot system. If this situation results in disputed qualifications, all swimmers having times tied or within the disputed times shall swim an elimination (swim-off) to qualify for the disputed place or places in the final. The swim-off will be swum with three watches and two judges on each of the swimmers’ lanes and the ballot system or modified ballot system shall be used to determine the order of finish, except when automatic officiating equipment is used and is properly functioning. The official time for the swimmers involved shall be the time set in the original preliminary heat. This elimination may be held at any time set by the Referee, but not more than 45 minutes after the last heat of any event in which any one of these swimmers is competing in that session. Should all swimmers in a swim-off be disqualified for rules infractions as outlined in 103.12, the lane or lanes must be left open during the finals.

**Note:** It shall be the swimmer’s responsibility to acquaint himself with all information pertaining to swim-offs, final events and the participants therein.

(3) **Finals**—In finals, the times to be considered are those times made in preliminary heats. If any qualifying swimmers have the same time their respective lanes shall be determined by draw. Lane assignments shall be made in descending order of qualifying times according to lanes as follows:

The last heat shall be composed of the swimmers with the fastest submitted times, the next to last heat composed of the next fastest swimmers, etc. Lanes shall be assigned in descending order of submitted times within each heat, in accordance with the
pattern outlined in (3) above. When there are two or more heats there shall be a minimum of three swimmers or relay teams seeded into the first heat. The last heat should be a full heat, but the requirement of seeding three swimmers or relay teams into the first heat may result in failure to fill the last heat.

(b) Places—In timed finals, places shall be determined on a time basis, subject to the order of finish within each heat and based upon the ranking system used at the meet. Any ties resulting from the procedure used shall be declared officially tied for awards and points, with no further attempt at resolution.

(5) Counters
(a) A swimmer in any individual swimming event of 400 yards or meters or more, except the individual medley, may appoint one counter to call lengths or indicate lengths by visual signal.
(b) Verbal counters shall be limited to one per swimmer, shall be stationed at the end of the course opposite the starting end, and may not coach or aid the swimmer in any way except that they may use watches and signal intermediate times to the swimmer.
(c) If visual counters are used, they may be stationed at the end or either side of the pool, beyond the halfway point toward the end of the course opposite the starting end. Visual counters may be lowered into the water at the end of the swimmer's lane, provided that, in the opinion of the Referee, they neither physically aid the swimmer or interfere with another competitor or present any safety hazard.
(d) The count may be in ascending or descending order.
(e) In the event of official or counter error it is the responsibility of the swimmer to complete the prescribed distance.

103.8. SCORING

(5) Mixed Meets—When events of mixed classification, as Senior and Age Group, are included in the same meet, or if events do not meet standard distances, the LSC in charge shall establish the desired combination of values and publish it in the entry blank and meet information.
(6) **Ties**—Where two or more swimmers tie for any place in any event the points credited to such place or places, if any, next in order shall be equally divided between such swimmers; i.e., if two tie for first place, the points to be credited to first place and the points to be credited to second place shall be added and divided one-half and one-half. If three tie for first place, the points credited to first, second and third places shall be added and divided one-third, one-third and one-third, and so on for four or more tying for first place. The same is true for those tying for second place, third place, and whatever places there may be.

(7) **Disqualifications**—When a relay team or individual swimmer is disqualified, the following places will move up accordingly and points awarded to conform to the new places. Consolation finalists may not receive championship final placing. Alternates may not receive consolation final placing.

103.9. **AWARDS**

(1) When two or more swimmers tie for any place, duplicate awards shall be given to each of such tied swimmers. In such cases no awards shall be given for the place or places immediately following the tied positions. If two tie for 1st place, no award for 2nd place; if three tie for 1st place, no awards for 2nd or 3rd, and so on.

103.10. **CHANGE OF PROGRAM AND POSTPONEMENT**

(1) The order of events, as laid down in the official program, shall not be changed. The announced arrangement of heats in any event shall not be added to or altered, except by the authority of the Referee, and then only to the extent of consolidating the heats.

(2) The entry provisions and starting time of any event, meet or portion thereof shall stand as stated on entry blank (except as permitted under (3) below) and may not be changed to an earlier time or date unless written notice of such change is delivered to each affected swimmer or his coach. If mailed, such notice must be postmarked no later than the entry deadline date stated on entry blank, and if lack of time prohibits mail notification, each affected swimmer must voluntarily agree in writing that he or she has been notified and is in accord with such change. Any affected swimmer or his coach may and should file a written protest with the Referee prior to running of event or meet if they do not agree to such change in time or date.

(3) **Postponement**

(a) The Referee shall have the power to call off or postpone to a future date any event or meet, even though the same has been actually commenced, if in his judgment the competition cannot be conducted or completed in a satisfactory manner and in fairness to the swimmers.

(2) The Referee or designated official making a disqualification shall make every reasonable effort to seek out the swimmer or his coach and inform him as to the reason for the disqualification.

(5) Standing on the bottom during a race shall not disqualify a swimmer, but he must not leave the pool, walk or spring from the bottom.
(6) Obstructing another swimmer by swimming across or otherwise interfering shall disqualify the offender, subject to the discretion of the Referee.
(7) Any swimmer not entered in a race who enters the pool or course in the area in which said race is being conducted before all swimmers therein have completed the race shall be disqualified from his next scheduled competition in that day's session.
(8) Dipping goggles in the water or splashing water on the competitor's face or body prior to his next event shall not be considered as entering the pool unless the Referee finds that such action is interfering with the competition.
(9) Should a foul endanger the chance of success of a swimmer, the Referee may allow him to swim in the next round, or should the foul occur in the final he may order it re-swum. In case of collusion to foul another swimmer, the Referee may, at his discretion, disqualify the swimmer for whose aid the foul was committed, as well as the swimmer doing the fouling.

(10) Coaches having entrants in any event on the program shall not be allowed in the immediate starting area of swimming pools, which must be clearly marked, during the progress of any competition. Upon being apprised of a violation of this rule, it shall be the duty of the Referee to remove, or have such offender removed, immediately. Coaching of swimmers during the progress of an event shall not be permitted. It shall be permissible for coaches or others to signal intermediate times to a swimmer during competition, and this shall not be considered as "coaching".

(11) No swimmer is permitted to wear or use any device or substance to help his speed or buoyancy during a race. Goggles can be worn, and rubdown oil applied if not considered excessive by the Referee.

(12) For relay disqualifications, refer to 102.6(3).

(13) The time and/or place of any swimmer or relay team disqualified either during or following an event shall not be recorded in the results of that event. If awards have been made prior to the decision to disqualify they shall be returned and made to the proper recipient(s) and if points have been scored by those disqualified the event shall be rescored.

103.13. PROTESTS

(1) Until final action is determined, results of any race conducted under protest, or of any protested race, shall not be announced, and no prizes for that race shall be awarded or scoring points allowed unless the protest is officially withdrawn.

(2) Protests affecting the eligibility of any swimmer to compete or to represent an organization in any race shall be made in writing to the meet chairman (or Referee) before the race is held, and if the meet committee deems it advisable, the swimmer may compete under protest and it shall be so announced before the race. The meet committee shall immediately refer such protest to the review section having jurisdiction for adjudication at the earliest possible time.

(3) Protests against judgment decisions of starters, stroke, turn, place and relay takeoff judges can only be considered by the Referee of the meet, who has the authority to disqualify swimmers for any violation of the rules that he personally observes.

(4) Any other protest arising from the competition itself shall be made within 30 minutes after the race in which the alleged infraction took place. If the protest is not resolved immediately the protester shall at that time file a written protest with the chairman of the
LSC, or his representative, having jurisdiction over the event. If the LSC does not satisfactorily resolve the protest within ten (10) days, the protester may appeal in writing to the National Rules Chairman, within the next five (5) days, for final adjudication which shall then be binding on all parties.

103.14. OFFICIALS
(1) All officials accepting an invitation to officiate at a swimming meet should arrive promptly and report immediately to the meet manager or director.

(2) For all swimming meets, qualifying trials, or time standard tests there should be not less than the following officiating positions filled or approved by the LSC in authority. An individual may act in more than one capacity where necessary.
   1 Referee
   1 Starter
   2 Timers per lane
   1 Clerk of Course
   2 Lane Place Judges per lane or 2 Across-the-Board Place Judges
   2 Stroke Judges and 2 Turn Judges or 2 Stroke & Turn Judges
   2 Recorders
   2 Scorers
   1 Recorder of Records
   1 Announcer
   Automatic Equipment Operators (as needed)

(3) When automatic officiating equipment is used in any competition, the placings and times so determined shall have precedence over the decisions of human judges and timers as outlined in 103.23(4). In case of malfunction, secondary information from a manual-electronic timing and judging device with one or more officials per lane or the prescribed ballot system of humans shall be used and integrated with primary information as outlined in 103.23.

103.15. REFEREE
(1) Shall have full authority over all officials and shall assign and instruct them; shall enforce all applicable rules and shall decide all questions relating to the actual conduct of the meet, the final settlement of which is not otherwise assigned by said rules; can overrule any meet official on a point of rule interpretation, or on a judgment decision pertaining to an action which he has personally observed; shall also disqualify a swimmer(s) for any violations of the rules that he personally observes and shall at the same time raise one hand overhead with open palm. If he does not make such a signal there shall be no penalty.

(2) Shall signal the starter that all officials are in position, that the course is clear, and that the competition can begin, before each race; shall assign marshals with specific instructions.

(3) Shall give a decision on any point where the opinions of the judges differ; shall have authority to intervene in a competition at any stage, to ensure that the racing conditions are observed.
(4) For LSC and local records only, may assign three (3) additional
official timers on request to record a record attempt at initial
distances in accordance with 108.25(4).d).
(5) When automatic or manual-electronic officiating equipment is used
and an apparent malfunction occurs it shall be his responsibility to
make an immediate investigation to determine whether the swim-
mer finished in accordance with the rules and/or if there was an
actual equipment malfunction.
(6) No swimmer must ever be required to reswim a race due to
equipment failure that results in unrecorded or inaccurate time or
place results. Automatic and manual electronic equipment shall be
backed up by any available equipment and/or human officials. See
103.26(6).
(7) He may at his discretion prohibit the use of any bell, siren, horn or
other artificial noisemaker during the meet.
(8) Refer to 103.13 concerning protests.

103.16. STARTER

(1) Preparation
   (a) Shall be equipped with starting gun (preferably .32 caliber or
       larger for outdoor pools and .22 caliber for indoor pools),
       cartridges, and whistle.
   (b) Shall station himself within ten feet of starting end of pool at a
       point where gun flash is clearly visible to timers and gun report
       easily heard by starting swimmers.
   (c) Upon signal from Referee, assumes full control of swimmers
       until a fair start has been achieved.
   (d) Notifies swimmers of the distance, the event and the point at
       which a warning shot will be given, if applicable.
   (e) Optional instructions
       Stroke(s) to be used and the order of swimming them.
       Number of pool lengths to be swum.
       Relay swimmers must leave pool immediately after finishing
       leg.
       May advise heat when a swimmer is attempting a time at an
       initial distance
   (f) Starting rules may be modified by the Referee to adapt them
       for handicapped swimmers.
       Note: In an electronic horn start and underwater
       sound recall device are available, they may replace
       the gun start and recall device herein.

(2) The Short Course Start
   (a) On receiving clearance from Referee, (for all events except
       backstroke and medley relay) directs swimmers to step onto
       starting block or platform and to assume upright position at
       the front of the block before the command "take your mark".
       Refer to 102.31(1)(a) for backstroke start.
   (b) Directs swimmers to "take your mark", to which they must respond
       at once by assuming a starting position. The feet,
hands and body can be placed in any desired position on the starting platform. Sufficient time should follow direction to enable swimmers to assume starting position, but no swimmer shall be in motion immediately before the starting signal is given.

(c) In short course after the command “take your mark” is given, the feet may be moved from the front of the block to any desired starting position. The swimmer must have come to a point of no movement before the starting signal is given.

(d) When all swimmers are motionless in starting position, gives starting signal.

(e) If, in his opinion, a false start has been committed, he shall give a signal to recall the swimmers. The false start shall be called on the individual and not on the field. Any swimmer charged with two false starts must be disqualified and shall not swim the event.

3 The Long Course Start

(a) On receiving clearance signal from Referee, (for all events except backstroke and medley relay) directs swimmers to step onto the back surface of the starting block or platform and remain there, assuming an upright position. Refer to 102.3(1)(b) for the backstroke start.

(b) Directs swimmers to “take your mark”, to which they must immediately respond by taking up a starting position at the front of the starting block. Sufficient time should follow “take your mark” to enable swimmers to assume starting position, but no swimmer shall be in motion immediately before the starting signal is given.

(c) When all swimmers are motionless in starting position, gives starting signal.

(d) If, in his opinion, a false start has been committed, he shall give a signal to recall the swimmers. The first two false starts in a race shall be charged to the entire field, not to the individual swimmer. Any swimmer committing a false start after these two false starts have been called on the field shall be disqualified and shall not swim the event.

4 Relay Starts—In short course relay events, the first swimmer shall conform to all provisions of 103.16(2). Succeeding swimmers may place their feet in any desired position on the starting platform provided that they do not lose contact with the platform before the preceding teammate touches the end of the pool.

5 Deliberate Delay or Misconduct—Any swimmer, after stepping on the block or upon taking a starting position, who delays the start by entering the water or who willfully disobeys an order at the start, or for any other misconduct taking place at the start, can be disqualified from the event by the starter with the concurrence of the Referee. Such disqualification shall not be a false start.
(6) False Starts
   (a) A swimmer who unnecessarily delays in assuming and holding a completely motionless starting position after the command "take your mark" shall be charged with a false start.
   (b) All swimmers leaving their marks before the starting signal is given shall be charged with a false start, except that the starter may, at his discretion, relieve a swimmer who has false started because of the action or movement of another competitor, of the responsibility for the false start and charge it only to the offender. (Note exception for "Deliberate Delay of Misconduct.")
   (c) When a swimmer false starts before the starting signal is given, the starter shall immediately release all other swimmers with the command "Stand Up". Any swimmer so released may stand up or step off the block. Any swimmer who enters the water (or backstroker who leaves the starting area) shall be charged with a false start, except that the starter may relieve a swimmer who would otherwise be charged with a false start if the starter believes that it was caused by the swimmer's reaction to the command.
   Note: No swimmer in long course competition can be relieved from a first or second false start charged against the field.
   (d) When the starting signal is given and one or more swimmers have obtained an unfair advantage, all swimmers shall be recalled at once by a second signal. The starter shall then indicate the swimmer(s), if any, to be charged with a false start.
   (e) In backstroke or medley relay the starter may charge a false start to any swimmer who fails to maintain his feet and/or hands in a legal position after the first warning.
   (f) A swimmer shall not be disqualified for an illegal starting position at the start if the starter has permitted the race to proceed without recall. Enforcement of the correct starting position is the responsibility of the starter, who may impose the appropriate penalty for violation before the race.
   (g) A swimmer who fails to appear at the starting platform in time for the initial start shall not be permitted to enter the race should a false start be declared on the first, second or later start, and shall be disqualified.

(7) Warning Signal—In all events 400 yards or meters or longer except the individual medley and relays, he shall fire a warning gun signal when the leading swimmer has two lengths plus five yards (or meters) to swim to finish.

103.17. RECALL STARTER—When using automatic officiating equipment which is started by the starter's gun, either the starter or an assigned recall starter shall immediately discharge a gun or other loud sound device if the automatic equipment is not properly functioning on
the starting report or if a false start has been called. The position of the recall starter shall be made known to the swimmers. He may also be assigned to assist the starter in any desired manner. A recall starter is mandatory in United States Swimming Championships.

103.18. JUDGES—Shall have jurisdiction over the swimmers immediately after the race has begun.

(1) **Chief**—Assignment as chief of any judging category is subject to the discretion of the committee charged with officiating assignments. An overall “Chief Judge” may assign and supervise the activities of all stroke, turn, place and take-off judges and may report their decisions, or if desired any judging category may have a designated “Chief”. Any “Chief” may act as liaison for his judges and may himself serve simultaneously in one of the judging positions and he shall assign those judges within his category.

(2) **Lane Place Judge**—It is not the responsibility of the lane place judge to determine if the finish touch meets the requirements of appropriate stroke rule.

(a) **Visual**—Two lane place judges shall be assigned to each lane. The judges for each lane shall be placed on opposite sides of the pool at the finish line. Each judge determines independently where the swimmer in his lane finishes the race and records it on the card provided for that purpose. The judges must not record a tie. Each judge must record the highest place he judges the swimmer in his lane may have attained. For example: if the lane place judge determines that the swimmer in his lane has finished in a tie with another swimmer for first place, he shall record a first place for his lane, and the same procedure applies to similar situations involving other place positions.

**Note:** When automatic or manual-electronic equipment is not being used, the same individual cannot simultaneously determine time and place under any circumstance.

(b) **Electronic**—Two lane place judges shall be stationed at the finish of each lane. Each shall activate a separate switch recording the finish of their lane swimmer, and each recorded impulse shall constitute their placement ballot. If only one such recorded placement decision per lane is possible with the available equipment, either a visual judge shall be assigned to each lane or an across-the-board place judge shall be assigned to provide the second ballot decision.

(3) **Across-the-Board Place Judge**—When limited personnel prevents assignment of lane place judges, two across-the-board judges, one on each side of the course, can be stationed near the finish and each shall judge the order of finish of all swimmers. Should both agree on all lanes, that shall be the official placement. If they disagree, the Modified Ballot System 103.22(2) shall prevail. An
across-the-board judge may record a tie if a place distinction cannot be made. He shall award each swimmer the highest place that may have been attained.

(4) **Stroke Judge**—Shall operate on both sides of the pool, preferably walking abreast of the swimmers during all strokes except freestyle, during which events they may leave poolside, at the Referee's discretion; shall ensure that the rules relating to the style of swimming designated for the event are being observed; and shall report any violations to the Referee on signed slips detailing the event, the heat number, the lane number, the swimmer's name and the infraction.

(5) **Turn Judge**—Shall operate on both ends of the pool; shall ensure that when turning or finishing the swimmer complies with the turning and finishing rules applicable to the stroke used; and shall report any violations to the Referee on signed slips detailing the event, the heat number, lane number, the swimmer's name and infraction observed.

(6) ** Jurisdiction of Stroke and Turn Judges**—Before the competition begins the Referee shall determine the respective areas of stroke and turn responsibility and jurisdiction, which may include joint, concurrent, and coordinated responsibility and jurisdiction. The Referee shall insure that all swimmers shall have fair, equitable, and uniform conditions of judging.

(7) **Relay Take-Off Judge**—Shall station himself (after the first swimmer) alongside the starting swimmer so that he can clearly see both the touch of the incoming swimmer and the feet of the departing swimmer as they leave the starting platform, and he shall judge whether the swimmer is in contact with the platform when the incoming swimmer touches the end of the pool. When automatic relay take-off judging equipment is available and in use, take-off judges will be assigned to each lane and stationed as described above. A team will only be disqualified when there is dual confirmation of an illegal take-off (i.e., visual and automatic equipment).

(8) **Infraction Signal**—Upon observing an infraction within their jurisdiction, the Referee, stroke, turn, or relay take-off judge shall immediately raise one hand overhead with open palm. If the official does not do so, there shall be no penalty.

**Note**: Does not apply to relay take-off judges in national championships.

103.19. **TIMERS**—In any race not timed with automatic or semiautomatic equipment (as provided in 103.23) the time for each competitor shall be taken by three timers stationed at or close to the finish. Each timer operates a manual watch (i.e., any hand-held mechanical or electronic timing device) that is both started and stopped by the timer as described below. These three timers are the official lane timers and their times must be individually recorded to determine the official time on the lane. Alternate or chief timers may substitute for an official lane timer only in the event of failure of a watch or its operator. No official lane timer may simultaneously determine time and place under any circumstances.
(3) All scratches which have occurred after the printing of the heat sheet shall be reported to the clerk of course and he shall notify the Referee and scoring desk in writing of the failure of any swimmer to report.

(4) He may be provided with two assistants and shall assign to them such duties as will assist in the prompt dispatch of the events.

(5) He shall notify each swimmer to wait behind or adjacent to the starting position until the starter takes over control of the race and if they leave the area it will be their responsibility to return in time for their heat or event.

103.21. MARSHALS—Shall have full police charge of the immediate starting area, the sides of the course and the finish. They shall take positions as instructed by the Referee and maintain stillness in the rear of the starting platform, and at each start prevent spectators or swimmers from crowding in on the course. They shall maintain order among competitors, spectators, officials, and coaches and shall have authority to remove from the vicinity of the competition anyone using profane or abusive language, or whose actions are disrupting the orderly conduct of the meet.

103.22. SCORERS—Shall receive from the recorders the order of finish in timed finals, or consolation finals and championship finals for each event. They shall compile team and high-point scores as applicable.

1. Ballot System
   (a) In any race not timed with automatic officiating equipment (as provided in 103.23(4)), the combined duties of the lane place judges and the lane timers shall be to determine placement and official times of the swimmers. Two lane-place judges and three timers shall be assigned to each lane.
   (b) The chief judge shall be responsible for delivery of the lane place judge's cards to the scoring table where the scorers record the appropriate ballot value, including the ballots of disqualified swimmers, on the basis of one for first place selection, two for second, three for third, four for fourth, five for fifth, six for sixth, seven for seventh, eight for eighth. There are two sets of lane place judges and thus two ballots per lane for place.
   (c) The chief timer shall be responsible for delivery of all the official times (including the time of disqualified swimmers) to the scorers who shall list them in numerical order beginning with the fastest official time per lane. This is for the purpose of assigning ballot values to each lane time. The fastest lane receives a ballot value of 1, the next fastest a value of 2, etc. For identical times, equal ballot values are recorded, with the same progressive numerical assignment; i.e., swimmers A,B,C, record identical time of 58.47 while swimmer D records time 59.05. Swimmers A,B,C, receive ballot values of 1 and swimmer D a value of 2. Should swimmers E and F (same race) have
identical times of 60.00 they would each be assigned ballot values of 3, and continuing in this manner.

(d) The scorers shall then eliminate disqualified swimmers and determine the order of finish of all swimmers in any heat or final event by adding the numerical value of three ballots for each lane. The lane (swimmer) having the lowest numerical total shall be declared the winner, the second lowest shall be second, etc. If these totals result in a tie for any place in a final race, no further attempt shall be made to resolve the tie.

(e) In preliminary heats, in no case may a swimmer with a faster time displace another who placed ahead of him within a heat according to the ballot system. If this situation results in disputed qualifications, the swimmers tied with or within the disputed time(s) shall swim off the event within 15 minutes after the last heat or any event in which any one of the swimmers is competing in that session. The ballot system must be used to determine the qualifier(s) for the finals except when completely automatic officiating equipment is used and is properly functioning. The official time for the qualifier shall be the time set in the original preliminary heat.

(2) Modified Ballot System.—When two across-the-board place judges are used instead of lane place judges:

(a) Value will be assigned to each time and place decision as prescribed under the ballot system.

(b) If any two of the three ballots for a contestant agree, that shall be the official place for that contestant.

(c) If all three ballots disagree, the Referee or his designate will evaluate all information and then determine the order of finish.

(3) Place Judging.—The unanimous decision of the two (2) lane place judges as to placement takes precedence over official time in determining the order of finish in a race except where automatic equipment is used as outlined below.

103.23. AUTOMATIC OFFICIATING EQUIPMENT.—In any meet in which electronic equipment is used the following practices and procedures shall apply:

(1) Automatic.—Time and place results are acceptable for all purposes. Split times recorded to hundredths of a second (two decimal places) by completely automatic equipment shall be official for all purposes, including records and qualifying times, provided the swimmer completes the full scheduled distance of the event.

(2) Manual-Electronic

(a) The results provided by any device started or stopped by one individual shall be considered as a single watch/time and/or as a single placement decision and such results shall be so evaluated in the determination of a finish.

(b) If a device has a common start for all lanes and is stopped manually by three officials per lane, and:
(i) Provides a single time/judging result that is either the intermediate of three different impulses or two identical impulses, the single time/judging result shall be accepted as the official lane time/judge result as outlined in 103.19.

(ii) Provides three time/judging results: If the time of two impulses agree, that shall be the official time/judging result or if all three time/judging results disagree, the time of the intermediate time/judging result shall be official.

(c) Regardless of the type of equipment used, consistency of start/stop operation of the equipment must be maintained throughout the entire meet so that all results compare equitably.

Note: When automatic equipment is used times and places shall be reported to two decimal places only (hundredths of a second). Digits representing thousandths will be dropped with no rounding off. Identical hundredth times shall be ties, with swim-offs if required.

(3) Equipment Positioning—All electronic equipment should be located in such places in the pool area as will provide the electronic equipment operator and chief electronic judge unobstructed viewing of the start/finish end of the pool or course.

(4) Primary and Secondary Requirements and Recommendations—When completely automatic officiating equipment, or three-button manual-electronic automatic officiating equipment is used as the primary timing system in any competition (see Article 7 for equipment specifications), the placing of the swimmers shall be by integration of official times. The decision of human judges shall not be used for placement.

When the primary system is completely automatic equipment, it is required that a secondary system using either manual-electronic or manual watch timing be used. It is required that the secondary system have a minimum of one timer per lane and two additional timers for first place. It is recommended that three timers per lane be used. If this secondary system is manual-electronic equipment, it is required that a backup (a third system) of one manual watch timer per lane and two additional manual watch timers on first place be used.

When the primary timing system is manual-electronic equipment it is required that a secondary system of one manual watch timer per lane and two additional manual watch timers on first place be used.

Note: An individual timer shall not simultaneously operate two devices, i.e., two buttons or one button and one manual watch.

(5) Comparison and Ranking Procedure—Primary—When the automatic or manual-electronic equipment provides the complete information in a given race (preliminary heat or final), the results are classified primary and official. The official time for all swimmers
having a primary time will be that time. Only the official time may be used for an OVC. The official ranking of the heat and event is obtained by comparison and ranking of all official times. If the times are identical to 1/100th second, the result shall be declared a tie, with swim-offs when needed to determine qualifiers for consolation final and/or final events.

(6) **Comparison and Ranking Using Secondary Information**

(a) Secondary results should be recorded and compared with primary results on every race. If there are less than 0.3 seconds difference (faster or slower) between primary and secondary times, it should be accepted that the primary times and places are correct. If there is a difference of 0.3 seconds or more, a potential malfunction exists.

(b) When there is a potential malfunction, other information should be checked and evaluated:

(i) The times of all 3 watches when 3 watches per lane are used as backup.

(ii) The manual watch backup time when there is a manual-electronic secondary.

(iii) A visual check by automatic equipment operators.

(iv) The placement of across-the-board judges.

(c) If the above data confirms that an actual malfunction exists in a specific lane, the secondary time is used unless there is a "system timing error" in the secondary. This does not indicate an inaccurate time in a single lane, but a fairly consistent deviation from the primary times due to the different quality of the start and stop actions. To use such backup times without correction would result in inaccurate official times.

(d) To determine if a system timing error exists, compare all valid primary and secondary times. If all of the secondary times differ from the primary times (all faster or all slower) a system timing error in the secondary system is confirmed.

Secondary System Error = 0.09 + 0.17 + 0.05 + 0.16 + 0.08 + 0.14 + 0.12 = 0.11 sec.

Official Secondary Time (Lane 5) = 51.35 + 0.11 = 51.46
Lane 5 has a primary malfunction as identified and confirmed by secondary information. Compute the average difference between primary and secondary times for all lanes having valid times. Figure to hundredths, dropping further digits. Add the average difference to the secondary time of the lane not having a valid primary time, or subtract the difference if appropriate. This will be the official time for that lane.

(e) When there is a primary system timing error caused by a faulty start or other malfunction, equally affecting the times, but not the placing of all lanes, the appropriate adjustment must be made. The average difference between the primary and secondary times is applied to the primary times with the result being the official times.

103.24. ANNOUNCER—Before the start of each event he shall announce the number of heats and the method of qualifying. At the start of each heat he shall announce the lane, the name of each swimmer and club affiliation or if unattached. Promptly after the finish of each event he shall announce the results as given him by the recorders. He shall make any other announcements as requested by the Referee, the clerk or the management.

103.25. RECORDER OF RECORDS—Shall obtain from the official recorders all times made in each event, including preliminaries and finals, shall have proper application forms and shall duly process all record claims as set forth in Article 8.

103.26. RECORDERS—There shall be two (2) recorders and the number of assistants deemed necessary to receive and record all times and all disqualifications for all preliminaries, consolation finals and finals of each event, and to furnish all pertinent information to the recorder of records, scorers, press, T.V., announcer and meet secretary.

103.27. DOCTOR—A doctor should be available at all competitions in case of illness or injury.

103.28. PRESS STEWARD—Shall obtain from the clerk of course and the recorders the names of all swimmers in each event, the results of each finish with times or record performances, and keep the press and TV personnel thoroughly informed on all details of the competition during the meet.

103.29. MEET DIRECTOR—Is appointed by meet sponsor. Responsibilities include, but are not limited to: ordering awards; obtaining sanction; preparation of facility; arranging for personnel, equipment, and supplies necessary for meet operation; processing of entries; printing of programs; arranging for appropriate publicity and media coverage; preparing and distributing summary of results 14 days after meet; and filing of LSC report.

103.30. SMOKING—Smoking is prohibited on the pool deck, in the locker rooms, in spectator seating or standing areas, and in all other areas used by swimmers, during the meet or during the warmup periods in connection with the meet.
ARTICLE 4
RULES FOR CONDUCT OF NATIONAL SWIMMING CHAMPIONSHIPS

104.1. GENERAL—National Swimming Championships shall consist of a Senior Class and a Junior Class.

(2) Times may be submitted for Masters records only.  (3) The breaststroke kick or the whip kick may be used exclusively or interchangeably with the dolphin kick while doing the butterfly stroke at any time during the race.  (4) Age groups and sexes may be combined so that no swimmer has to swim alone and lanes may be filled.  (5) The forward start may be taken from the starting block, the pool deck or a push from the wall.  (6) Competitors shall be allowed to swim in only one freestyle relay, one medley relay, one mixed freestyle relay, and one mixed medley relay per meet.  (7) All masters events shall be conducted on a timed final basis.  (8) Any swimmer or relay team not reporting for or competing in an event shall not be penalized.  (9) Willing competitors may be swum two (2) in a lane in the 1650 yard and the 1500 meter freestyle. Such heats will be seeded by time, fastest first and these heats completed before the heats with a single competitor per lane. Separate timing will be required for each swimmer.  (10) It is recommended that when swimmers are seeded by time and not by age groups, the fastest two swimmers in each age group shall not be seeded into outside lanes. They shall be moved in one lane, or given the center lane in the next slowest heat, whichever is the most appropriate placement. (F) **Times**—The ten best times nationally in each division shall be published annually for the events listed under Section G below:  (1) All times must be made in actual sanctioned USMS competitive meets of events.
(2) Times to be considered for records and Top Ten listing must be made on or before the last day of the National Championship for that course and forwarded to the Masters Records Chairman within 35 days from the date of the last day of the National Championship for that course.
(a) Exception: If the national long course championship ends before Aug. 31, times to be considered for records and Top Ten listing for long course will be extended to and include the date of Aug. 31.
(3) Each Association is responsible for reporting the top ten times in each event made in its association area only, even though the times were made by swimmers from other Associations.
(4) To be considered for Top Ten (National) or for Records (National): all relays must include the name of the registered swim club and the full name and age of each swimmer. For all individual events eligibility is based on current registered USMS swimmers as noted on the entry card and the results must contain the full name and age of each swimmer.
(5) National records shall be published in the 1983 USS Rules and Regulations, and all subsequent USS rulebooks.

(10) All top finishers in each race will be given awards regardless of the nationality of the swimmer. Duplicate awards will NOT be given, except in the case of ties, as provided in 223.9(2) of the Competitive Swimming Rules. The number of event awards given will be determined by the number of lanes used in the pool. Medal awards will be awarded one through six and appropriate awards will be awarded 7 and beyond. No team trophies shall be awarded at USMS National Championship meets. Team scoring will be tabulated in three categories:  
   a) women's individual events;  
   b) men's individual events; and  
   c) relays. Meet results and team scores shall be published by the meet sponsor within 30 days and distributed to members of the Masters Board of Directors and representatives of participating teams.

(11) Each individual who wins a short course or long course Championship shall be awarded a USMS Championship patch. Swimmers winning more than one Championship may purchase additional patches for each additional championship event won.

(12) A General Open Meeting will be held on the night before the first day of the meet.

(13) There will be no splitting of age groups into A.M. and P.M. sessions; i.e., 25-29 through 40-44 in A.M. and 45-49 through 90 plus in P.M. However, at the meet director's discretion, swimmers whose seed times will inordinately delay the progress of the meet, may be seeded individually in an outside lane with mechanical timing thus allowing the continued sequence of the regularly seeded heats.

(14) When the depth of the swimming course varies, the male and female contestants shall share equal time in the deep end of the pool.

(15) Entry times must be submitted for all individual events and relays.

(16) The deadline for receipt of entries for National Championship meets shall be no earlier than 30 days prior to the first day of competition.

(i) Swimming Records

(1) Classification

(a) American USMS Record - The fastest time by a USMS registered swimmer in each event in USMS sanctioned competition.

(b) Open USMS Record - The fastest time by any swimmer in each event in USMS sanctioned competition.

(c) USMS National Championship Meet Record - The fastest time in each event at the SC and LC National Championship meets.

Note: A.U.S.S.I. has volunteered to establish a register of World Masters Swimming Records (LC only).
(2) Recognized distances and strokes as listed in Section V (G).

(3) Requirements
   (a) Records must be made in accordance with all pertinent rules of Masters Swimming.
   (b) A record can only be made in still water.
   (c) Records established by a swimmer in the first leg of a relay race shall be acceptable as individual performances provided that all applicable rules have been complied with.
   (d) Records set outside the United States shall be applied for on official record application forms and are subject to all pertinent requirements.
   (e) Record must be achieved in the relevant stroke/event, i.e., a backstroke record must be set in a backstroke event, etc. Records set in freestyle events can be submitted only as freestyle records regardless of the stroke or strokes used.
   (f) Split times recorded by completely automatic officiating equipment shall be official for all purposes provided the swimmer completes the full scheduled distance of the event.
   (g) Record times registered by automatic equipment shall be submitted in hundredths of a second (two decimal places). If times are tied to 100ths seconds, the results shall be declared a tie and records shared by each swimmer thus tied.
   (h) When a record is claimed, an official record application form shall be filled out, signed by the designated officials, and transmitted immediately following performance, with all supporting data, including official meet results, the primary printout tape and/or a copy of the entry card with the timers' signatures to the national records chairman. Responsibility for this lies with either the records chairman, the recorder of records or the official scorer of the meet.

(J) National Recognition of Achievement—The registered USMS swimmer with the fastest listed time for an individual event for the season that is listed in the National Top Ten Times shall be declared the All-American in that event for the year. All top ten times, as well as national record times should be in the hands of the National USMS Records Chairman within 35 days from the date of the last day of the championship for that course.

(K) Medical Examination—Each competitor is strongly encouraged to have a complete medical evaluation before beginning Masters training. In addition, it is also recommended that each competitor have a physical check-up immediately prior to Masters competition in order to ensure his physical readiness for participation. Medical evaluation forms are available upon request by writing to the National AAU Aquatics Office.

(L) Medical Equipment—Meet directors are encouraged to investigate the use of appropriate EMT equipment and personnel for all meets.
APPENDIX B

LONG DISTANCE SWIMMING COMMITTEE OF UNITED STATES SWIMMING

I. ADMINISTRATION

The Chairman of the Long Distance Committee of United States Swimming shall be appointed by the President of USS. The membership of the committee shall be comprised of the following: one member from each local swimming committee (LSC) and one member from each local masters swimming committee (LMSC); one member appointed by the president of United States Masters Swimming, Inc., to coordinate USMS activities; and members at large, to be selected by the committee.

(A) All Long Distance swimming athletes will be required to register with USS or USMS, and to conform to their respective codes, rules and regulations prior to competing.

(B) Sanctions will be required for all Long Distance swimming events. LSCs are responsible for issuing sanctions for events involving USS athletes. Similarly, LMSCs are the responsible agents for issuing sanctions for events involving USMS athletes. If a Long Distance swimming event will have both USS and USMS sections, two sanctions must be obtained, one from each of the governing bodies. If both USS and USMS issue sanctions and swimmers from both groups compete, the race(s) shall be in separate sections. Under no circumstances will a USS athlete and a USMS athlete be considered part of the same competition.

II. DEFINITION

Long distance swimming shall be defined as any freestyle swimming event over 1500 meters, normally conducted in a natural body of water; i.e., a lake, river, or ocean, although man-made pools, quarries and reservoirs may be used.

III. EVENTS

The long distance swimming events shall consist of individual or team competition as follows:

A) Quarter-mile Straightaway — The course shall be set in open water and shall be a quarter of a mile (440 yards) straightaway using a cable with floats stretched between two pylons or platforms fixed stationary in the water. The distance between the anchoring points of the cable shall be maintained within plus or minus six inches, measured to the outer edge of the turning pylons. The course shall be swum clockwise, unless it is deemed unfeasible to do so by the meet director. No more than twenty swimmers shall be placed in the first or subsequent rows. If more than one heat is required, every effort should be made to swim a counter clockwise heat. A stationary water start shall be used. The starting position
will be determined by seed time. Records will be maintained in this event.

(B) **Open water distance events (includes rough water) (2-6 Miles)**—As surf, beach tide and temperature and other physical factors vary, the meet director shall determine the course for open water events. The course should be measured as accurately as possible, with the aid of navigational charts if possible. The meet director shall determine the type of start to be used. As course distances and conditions are different, no records will be maintained; however, meet managers are encouraged to keep meet results. The distances shall be the same for both men and women and may be contested at the same time with separate results tabulated. Age group and other classifications may also be swum at the same time, again tabulated separately.

(C) **Marathon-Type Events (Over Six Miles)**—The same considerations as stated in the above apply, except the event will be a greater distance in this type of event. The meet managers are encouraged to establish entry requirements that ensure contestants will have a reasonable chance of completing the events. Time limits for completion may be set. When the time limit expires, all swimmers in the water will be required to retire from the race.

(D) **Time/Distance Event (One hour swim for distance)**—The object of the event is to determine who can swim the greatest distance in a given time period. The person swimming the farthest shall be declared the winner. The person swimming the second greatest distance shall be awarded second place, etc. In the event that two or more swimmers swim the same distance, a tie will be declared. The events shall be swum in a pool at least 25 yards in length. The distance shall be computed by multiplying the total lengths swum by the length of the pool and adding the last completed five yard increment; if the event is swum in a metric pool, the distance shall be determined in meters and converted to yards by multiplying 1.0936 times the number of meters completed and rounding off the distance to the last completed five yard increment. All distances shall be reported in yards. When the event is contested as a postal meet, the results are sent to a central location for tabulation. Each entrant will be responsible for the validity of the figures and the distance submitted. He must provide his own counter and verify the computations for the distance he swam.

(E) **Individual Long Distance Swims**—Swims must be sanctioned and conducted by the appropriate governing body or its designee in accordance with all pertinent rules and regulations. All information relative to the swim shall be made public and available to any interested person at least three days before the event. If the event is to be swum in more than one LSC, the LSC where the attempt will start will have jurisdiction in issuing the sanction. This does not prohibit the other LSC from issuing a sanction for the event. If more than one swimmer is attempting to swim, only one sanction
need be issued. All times achieved in long distance individual attempts shall be duly certified and made a matter of record by the appropriate governing body or its representatives. Further, a copy of the above should be sent to the National Long Distance Chairman who will be responsible for maintaining records of all attempts. The certification should include:

1. Swimmer(s) name, age, sex and registration number.
2. Governing body sanctioning the event.
3. Course: to include name of body of water, starting and finishing points and measured distance.
4. Verifications and documentation that all rules were observed and the swimmer(s) either completed or failed to complete or attain the distance.

All safety requirements must be observed and qualified medical assistance should be readily available during the attempt.

(F) Team Events

1. Three contestants on each team shall be considered in the computations for team scoring. The team whose top three swimmers have the lowest cumulative time or the greatest cumulative total yards shall be declared the winner. A similar method will be used to determine second, third and subsequent places. In the event of ties, the team whose individual member finished nearest to first place shall be declared the winner or awarded the place.

2. No individual entries can be accepted in the team events. All entries must be made by clubs and signed by an authorized official of the club making the entry.

(G) Relays—Relay teams shall consist of six swimmers. The team members shall rotate in the same order throughout the event. The time each swimmer is required to spend in the water shall be specified on the entry form. The changeover to the new swimmer will be made as soon as is practically possible after the previous swimmer has completed his respective leg. In the exchange, physical contact must be made between the two swimmers.

IV. SAFETY PRECAUTIONS

(A) Each competitor is strongly encouraged to have a complete medical evaluation before competing in any long distance swimming event.

(B) As courses and conditions vary from location to location, the meet director will be responsible for establishing and enforcing safety standards necessary to ensure the safety of all competitors. Some considerations are:
- Number, assignment, briefing and location of rescue/aid personnel and craft.
- Requirement and rules for accompanying craft (boats, surf boards, etc.).
—Requirement for Day Glow or Coast Guard Orange swim caps.
—Use of medical forms with entries.
—Use of two-way radio communications.
—Briefing swimmers on signals to be used.
—Qualifying swimmers and times, especially in longer events.
—Controlling other craft and swimmers on courses.

(C) A plan must be available for the event's cancellation because of safety factors. This plan must authorize the meet manager the authority to cancel, postpone, or impose other safety requirements as are deemed necessary. The meet manager's authority in this matter will not be contested.

V. CONDUCT OF THE COMPETITION

(A) Starts

(1) When practical, swimmers shall be seeded by their 1500m/1650y times. No times will be seeded at the discretion of the meet director as stated in the meet invitation.

(2) The fastest twenty swimmers shall be seeded in descending order of time with the fastest swimmer receiving the preferred position. If subsequent rows are needed, they will be seeded in a similar method behind the first row of swimmers.

(3) Entrants are to be visibly marked with their seed numbers on both upper arms and their back.

(C) Finishes

(1) In the water—Swimmers shall touch a vertical surface, or if none is available, they shall swim across an imaginary finish line. Place judges and timers shall position themselves accordingly.

(2) Out of the water—Swimmers shall leave the water, as defined by the course, and run up the beach to a marked finish.

(D) Officials

(1) There shall be a meet director, referee, scorer, announcer, clerk of course, starter, and a sufficient number of judges, inspectors and timers.
(2) The clerk of course shall ensure all entrants are visibly marked with seed numbers on both their upper arms and on their back.

(3) Official craft shall be placed in a position to best observe and still not hinder the race.

(4) Timers shall record the number of laps on the reverse side of the time card.

(E) **Disqualifications**—Swimmers shall be disqualified if they:

(1) Willfully or intentionally delay the progress of another swimmer (accidental contact, especially at the start, shall not be considered a disqualification. However, the flagrant disregard of another swimmer’s rights could result in disqualification).

(2) Fail to complete the prescribed distance.

(3) Fail to swim the prescribed course.

(4) Receive assistance by pulling on the cable or buoys at the turn or on the course.

(5) Receive propulsive aid from anyone in boats, surfboards, etc.

Results shall also be mailed to the coaches who had entries at the championship meet and shall include the following information: swimmers’ names, ages, times, places, team points and scores.

(H) Team Scoring—Three swimmers on each team shall be considered in the computations for team scoring. The team whose top three swimmers have the lowest cumulative time or the greatest cumulative total yards shall be determined the winner. A similar method will be used to determine second, third and subsequent places. In the event of ties, the team whose individual member finished nearest to first place shall be declared the winner.
